North Central District Health Department has three new lab-confirmed cases, two in Shelby County and one in Spencer County increasing the district case count to 32. Four individuals monitored by North Central District have been released from isolation.

Shelby County, KY – North Central District Health Department has three new cases that have tested positive for the Novel Coronavirus (COVID-19). Two adult females from Shelby County, one is in self-isolation at home and the other is under medical care. An adult male from Spencer County also tested positive is currently in self-isolation at home.

North Central District has released four individuals from isolation. Two from Shelby County, one Spencer County, and one Trimble County have been released from isolation by monitoring their symptoms and complying with a self-isolation agreement with the Health Department.

“When going out to get essential supplies and food, please remember to limit the trip to one person per family, so we can reduce the number of people in stores and reduce potential exposures to the virus. Please remember how important social distancing is and practice it.”, said Roanya Rice, Public Health Director of NCDHD

North Central District Health Department
