North Central District Health Department is reporting two new lab-confirmed cases in Henry County, increasing the district case count to 49. Three individuals monitored by North Central District have been released from isolation.

Shelby County, KY – North Central District Health Department has two new cases that tested positive for the Novel Coronavirus (COVID-19). Both adult females are from Henry County, one individual is in self-isolation at home.

North Central District has released three individuals from isolation one Henry County, one Shelby County, and one Trimble County by monitoring their symptoms and complying with a self-isolation agreement with the Health Department.

“As we work toward restarting the economy and getting back to the new normal, it will be important for those returning to work to wear a mask. This will help to prevent the further spread of the virus.”, said Roanya Rice, Public Health Director of NCDHD
