**North Central District Health Department is reporting eighteen new lab-confirmed cases, fifteen in Shelby County, two in Henry County, and one in Spencer County. The new cases increase the district case count to 183.**

Shelby County, KY –North Central District Health Department has eighteen new cases that tested positive for the Novel Coronavirus (COVID-19). Nine males and six males from Shelby County in self-isolation at home, two females from Henry County under medical care, and one female from Spencer County in self-isolation at home. All fifteen positive cases from Shelby County were from the Hispanic population.

"I am encouraging everyone to get tested for COVID-19. NCDHD is now offering walk-up testing to accommodate those who would like to be tested but do not have transportation for the drive-thru testing. Appointments can be made for the drive-thru and walk-up testing by calling (502) 390-2600. We do not want transportation to be a barrier to getting tested. Wearing a mask can dramatically reduce the risk of spreading the virus and possibly decrease the risk of you contracting the virus. The mask must be worn correctly to work; while wearing a mask it should fully cover your nose and mouth at all times", said Roanya Rice, Public Health Director of NCDHD

North Central District  
 Health Department

COVID-19 Summary as of 5/26/2020

**183**
