North Central District Health Department is reporting nine new lab-confirmed cases; five in Shelby County, two in Henry County, and two in Spencer County, increasing the district case count to 210. Eight individuals monitored by North Central District has been released from isolation.

Shelby County, KY –North Central District Health Department has nine new cases that tested positive for the Novel Coronavirus (COVID-19). Five adult males and one adult female from Shelby County, two adult females from Henry County, and two adult females from Spencer County all in self-isolation at home. Three positive cases from Shelby County were from the Hispanic population.

North Central District released eight individuals from Shelby County from isolation who monitored their symptoms and complied with a self-isolation agreement with the Health Department.

"I am encouraging everyone to get tested for COVID-19. NCDHD is now offering walk-up testing to accommodate those who would like to be tested but do not have transportation for the drive-thru testing. Appointments can be made for the drive-thru and walk-up testing by calling (502) 390-2600. We do not want transportation to be a barrier to getting tested. Wearing a mask can dramatically reduce the risk of spreading the virus and possibly decrease the risk of you contracting the virus. The mask must be worn correctly to work; while wearing a mask it should fully cover your nose and mouth at all times", said Roanya Rice, Public Health Director of NCDHD
