North Central District Health Department regrettably announces the first death in Trimble County due to complications from the Novel Coronavirus (COVID-19). Twenty-nine new lab-confirmed cases in Shelby, Trimble, Henry, and Spencer Counties, increasing the district case count to 1717. Thirteen individuals monitored by North Central District have been released from isolation.

Shelby County, KY – Trimble has had its first COVID-19 related death in an elderly Caucasian male, with underlying medical conditions; our hearts and prayers go out to his family and friends.

North Central District Health Department has twenty-nine cases that tested positive for the Novel Coronavirus (COVID-19).

North Central District released thirteen individuals from isolation; six from Shelby County, five from Spencer County, one from Henry County, and one from Trimble County monitored their symptoms and complied with a self-isolation agreement with the Health Department.

“During the **2019-2020** influenza season, CDC estimates that influenza in the United States was associated with 38 million illnesses, 18 million medical visits, 405,000 hospitalizations, and 22,000 deaths; receiving your flu vaccination, wearing a mask, and proper handwashing will be necessary to help fight off the Covid-19 and flu virus.”, said Roanya Rice, Public Health Director of NCDHD.
